Form 5 Students
Kolej Yayasan Saad, Melaka

Dear Parents and Guardians,

SPM TRIAL, CAMBRIDGE IGCSE AND SPM 2024 EXAMINATIONS

The school opening session that currently begins in March 2024 will be reverted to February 2025 and January 2026 as announced by the Ministry of Education.

This transition has caused a cramming of examination dates for the Form 5 students as stated below.

1. SPM Trial Examination
24 September to 10 October 2024
2. IGCSE Examination
4 October to 13 November 2024
3. SPM 2024
 - 3.1 11 to 14 November 2024 - Bahasa Melayu Oral Test
 - 3.2 25 to 28 November 2024 - English Language Oral Test
 - 3.3 19 to 21 November 2024 - Science Practical Tests
 - 3.4 17 December 2024 - Bahasa Melayu and English Language Listening Tests
 - 3.5 18 December 2024 to 23 January 2025 - SPM Written Examinations

As there will be clash of dates, in particular for the IGCSE and SPM 2024 examinations, the school has decided that preparing the Form 5 students for the SPM 2024 should take precedence.

It is also too risky for teachers to rush through teaching aimed at preparing students for both the IGCSE and SPM 2024 examinations.

Hence, the school would like to inform parents and guardians that the Form 5 academic work will cover the following:

1. IGCSE subjects will be taught as usual to complement the KSSM subjects for value adding.
2. All Form 5 students will sit for only the IGCSE First Language English (Oral Endorsement) exams which is scheduled on 21 October 2024 and 23 October 2024 aimed at determining the English proficiency of KYS students at international level.

The school requests that if there be any different arrangement preferred by parents or guardians on IGCSE exams to kindly contact our examination coordinator Madam Nurul Ashima bt. Hamdan by making a call to 013 6592430 or sending an email to nurulashima@kysm.edu.my

Thank you.

Yours sincerely,

TAN CHEH LI
Principal
